

Mobile Elevated Work Platform (MEWP) Competency Assessment

Competency Assessment Criteria (Going from 'Work Ready' to 'Work Capable')

TYPE OF MEWP:

MINIMUM PREREQUISITE UNIT STANDARDS

None Identified	23966 plus some or all of 23960, 23961, 23962, 23963, 23964
-----------------	---

PLANNING AND PREPARATION

I reported to the Station Operator to advise what work I was undertaking and where I would be.
I completed an inspection of the MEWP to ensure it was in good working order.
I checked the access/egress points and all safety chains.
I checked that all warning devices were working correctly (flashing lights/siren etc.).
I walked the journey plan I will be taking and conducted a risk assessment, including overhead lines, underground services, footings, surface condition and other hazards
. I discussed my work plan with others in the work party.
I correctly fitted my safety harness and had this checked by a competent person.

MEWP OPERATIONS

I entered the MEWP and fitted my lanyard to the anchor point.
I completed all the MEWP prestart checks, including: brakes, lifting/lowering of platform/boom, and emergency stop button.
I safely drove the MEWP to the work location.
I parked the MEWP in a safe position and applied the park brake.
I erected a safety barrier and signage.
I re-connected my lanyard to the anchor point.
I raised the MEWP to the required height to complete my task.
I completed my task.
I lowered the MEWP, removed the safety barrier and signs.
I returned the MEWP to the correct storage point and advised the Station Operator.
